---

I'll revise the 204 and 205a. I will place 'contact appropriate incident commander' in the 204 special instructions area. By any chance do you know the contact information for your alternate? I thought I could add that information to the 205a and begin working on the next IAP for operational period 1/19/17 to 1/25/17 since next week has a holiday.

Will distribute the revised IAP for this operational period following approval of above. Thanks  
theresa

**Subject:** Re: IAP

Great job! My only comment is don't list my contractors phone number. Name only please. Thanks.

Attached is the Incident Action Plan (IAP) for the operational period of 1/7/17 to 1/18/17. Should you see any revisions that need to be made, please bring them to my attention and I will revise the document. The attachment does not contain the additional SDS that was discussed. I know you all have been in the field so forward the document if applicable and I will incorporate it into the IAP.

I saved this in a reduced size format because it was close to 10 MB. Let me know if you have any difficulties opening the file.

Appreciate your assistance with revising the information!
